17 January 2020

Dear Parents

To support your child in the lead up to the second round of pre public examinations, we are running targeted revision sessions during form time in the following subject areas: English, Maths, Science, Geography, History, French, Religious Studies and Physical Education.

These sessions have been implemented to support students in areas of specific need and also to boost those students looking to achieve higher grade passes.

I have enclosed for your information a timetable of extra-curricular revision sessions currently available to your child. Attendance at these sessions will have a significant impact on outcomes for students and I therefore strongly recommend that you encourage your son or daughter to attend where possible.

Over the next few weeks, we will be rewarding our students for both their engagement and progress. Prizes will be awarded to those students that demonstrate good progress over time and those that work hard in relation to their target grades.

Thank you for your continued support.

Yours sincerely

Mr M Knott
Assistant Headteacher
