

SMITHDON HIGH SCHOOL
HUNSTANTON

Step Up to GCSE

September 2021

Work hard, be kind and smile

January 2021

Poor white teenagers in England's former industrial towns and those living on the coast are among the least likely to go to university, warns the watchdog for fair access.

Welcome – Lead Students

Caitlin Wagg

Theophilus Bazeley-Smith

Current status – Smithdon High

- Two consecutive years of strong GCSE results.
- Increase in the number of students taking up school places.
- Increase in the number of students going to Sixth form.
- Significantly improved staff retention.
- Potential funding for school improvements.

Glossary

PPEs

Pre Public Examinations also known as mock exams.

Smith Proforma

A sheet given to students explaining what they have done well, what they need to do better, and how they go about doing it.

Health Check

A short 15/20 minute test to work on previous areas of concern.

Resource

50 question booklets

No.	Question	Answer
1	What type of rock examples of which are chalk and sandstone were formed in layers and include fossils?	Sedimentary rock
2	What type of rock examples of which are basalt and granite were formed in layers?	Igneous rocks
3	What type of rock examples of which are slate and schist were formed from molten rock and consist of crystals?	Metamorphic rock
4	Name three types of weathering	Metamorphic rock
5	Name the four processes of erosion	Metamorphic rock
6	Name movement of material moving down a slope. Name one type of mass movement?	Metamorphic rock
7	What is a concordance and a discordance?	Metamorphic rock
8	Name some erosional landforms created on the coast	Metamorphic rock
9	Give examples of hard coastal defences and soft coastal defences	Metamorphic rock
10	Name some river landforms where erosion and deposition occur together in its formation	Metamorphic rock
11	Name some hard river defences and soft river defences	Metamorphic rock
12	Define river discharge	Metamorphic rock
13	What are the three natural factors which cause climate change?	Metamorphic rock
14	State three ways in which you can gain evidence of past climate change	Metamorphic rock
15	Name some sources of carbon dioxide	Metamorphic rock
16	Name a negative impact of carbon dioxide on the environment	Metamorphic rock
17	State a negative impact of climate change on people	Metamorphic rock
18	What is the perfect water temperature for tropical cyclones to form?	Metamorphic rock
19	What is the centre of a tropical cyclone?	Metamorphic rock
20	What are the three natural factors which cause climate change?	Metamorphic rock
21	State three ways in which you can gain evidence of past climate change	Metamorphic rock
22	Name some sources of carbon dioxide	Metamorphic rock
23	Name a negative impact of carbon dioxide on the environment	Metamorphic rock
24	State a negative impact of climate change on people	Metamorphic rock

4 Types of coastal erosion

Abrasion

When rocks are thrown at the cliffs by the waves breaking them down.

Attrition

4 Types of
coastal
erosion

Solution

When the acidity of the water dissolves the rock

Abrasion

When rocks are thrown at the cliffs by the waves breaking them down.

4 Types of coastal erosion

Attrition

When rocks collide, breakdown, and become smoother

Solution

When the acidity of the water dissolves the rock

Hydraulic Action

The force of water breaks down the cliffs by trapping air in the cracks.

Abrasion

When rocks are thrown at the cliffs by the waves breaking them down.

Attrition

When rocks collide, breakdown, and become smoother

Success – Year 10

Start revision now.

325 school days left.

5 minutes every day =

27 hours of revision banked

Success – Year 11

Start revision now.
130 school days left.

5 minutes every day =
12.5 hours of revision banked

Success-The best outcomes

Look after wellbeing.

- Sleep
- Hydration
- Exercise
- Read (Audio books count)

Information Advice and Guidance (IAG)

Remember... Aspirations

If they know what they want to do and they know what they need to do it, the outcome is more likely to happen.
